R26	09130128262

**FD-LS-LX-RX-FX+ ACCESSORIES**

**Furling line / Fairleads kit**

Furling line kit includes adapted polyester good quality rope, adapted to the well functioning of the furling line

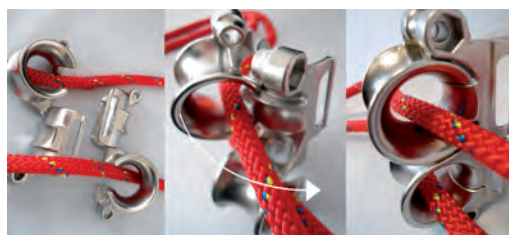

Rope & leads kits	LS-LX-RX model	Reference
ø 6 x 20 m + 4 single fairleads	LS/LX 60-100 RX 70-100	24106200400
ø 8 x 24 m + 4 single fairleads	LS/LX 130-180 RX 130-220	24108240400
ø 10 x 24 m + 4 single fairleads	LS/LX 200-290 RX 260-300	24110240400

**Fairleads :**

Those different fairlead models allow you to build the best circuit of furling lines for Genoa's. The fairleads are adapted to the FD swivels and also for Gennaker and code zero furlers (continuous line).

Description	for stanchion ø	Reference
Deck fairlead ø 18 (+ washer + nut M10)	-	24000102400
Articulated fairlead (rope hole ø 20)	25 à 28	24000102300
Single fairlead (rope hole ø 20)	25	24000102200
Twin fairlead (rope hole ø 20)	25	24000102130
Twin fairlead (rope hole ø 20)	28	24000102110

The fairlead can be open in order to fit a spliced furling line (see against).
